

## 15.6 Inch Laptop Intel Ram 8gb 12GB 256gb 500gb Hdd Ssd 1920\*1080 Ips Fhd Win10 For Gaming Series

Our Product Introduction

for more products please visit us on [allinonepccomputers.com](http://allinonepccomputers.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WPNA
- Certification: CE/FCC/RoHs/ISO9001/CCC
- Model Number: Y420
- Minimum Order Quantity: 200 sets
- Price: Negotiable
- Packaging Details: carton, bubble bag, stetch film
- Delivery Time: 15-30 workdays
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Piece/Pieces per Month

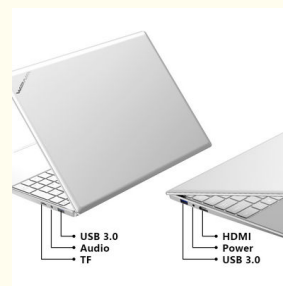

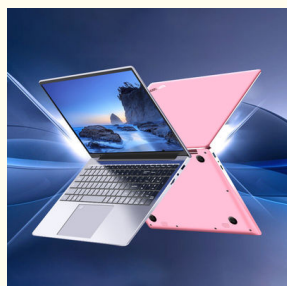

### Product Specification

- Products Name: Ultra Laptop
- CPU: Intel Alder Lake N95
- Hard Drive Type: SSD+HDD Optional
- Operating System: Windows 10/11/Ubuntu/Linux
- Series: For Study
- Warranty(Year): 1-Year
- Display Ratio: 16:9
- Display Resolution: 1920x1080
- Thickness: ≤10mm
- After-sales Service: Call Center And On-line Technical Support, Onsite Training And Inspection, Free Spare Parts, Return And Replacement, Repair
- Highlight: **quad core ultra thin laptop, windows 10 ultra thin laptop, quad core ultra thin gaming laptop**

## Product Description

### 15.6 Inch Laptop Intel Ram 8gb 12GB 256gb 500gb Hdd Ssd 1920\*1080 Ips Fhd Win10 For Gaming Series

#### Product Description

Explore the new standard of future computing, this ultra-thin notebook perfectly combines cutting-edge technology with personalized design. Made of aerospace-grade aluminum alloy and combined with precision craftsmanship, it is less than 1 cm thick and weighs less than 1 kg, providing unparalleled portability without sacrificing performance. Equipped with the latest generation of touch screen, it presents vivid colors and deep contrast, bringing you a visual feast. Built-in high-performance processor and all-day battery support, it can maintain the best working condition no matter where you are. In addition, we provide unique hardware configuration and laser engraving Logo customization service to ensure that each device can accurately match the user's personal style and needs, truly realizing the seamless connection between technology and personality. This is not just a laptop, it is your exclusive work partner and fashion statement.

#### Products Parameter

Type	Details	Descriptions
Product Form	Product Form	Laptop
LCD	Screen Size	15.6" 16:9
	Screen Resolution	1920*1080 IPS
Battery	Type	Lithium-ion polymer battery
	Capacity	4000MAH
System hardware configuration:		
CPU	Capacity	Intel J4125
RAM	Capacity	8GB/12GB
ROM Flash	Capacity	128GB/256GB/512GB/1TB
Camera	Front	30W
Network Connections:		
WIFI	WIFI module	802.11 b/g/n+BT4.0
Ethernet Network	USB switch to Ethernet Network	
Interface Configuration:		
Memory card socket	External memory	Support SDHC/SDXC
USB interface	Data transfer supportive	USB 3.0*2
Headphone jack	Music output	♂ 3.5mm standard headphone jack
DC connector	Power	12V/3A ♂ 3.5MM power connector
HDMI interface	Video output	MICRO HDMI
Storage(optional)	SSD	256GB
Keyboard	Input device	ITE Support (US,UK)
Mouse	Input device	USB,BT Expunable Wired / Wireless Supportive
Power adapter	Standard Configuration	12V/2A
Software Configuration:		
Operating System	Operating system version	Optional
	office	yes

## Selling Points

---

### **Ultra-thin design:**

Made of aviation-grade aluminum alloy and advanced nano-molding technology, this ultra-thin notebook is less than 1 cm thick and weighs less than 1 kg. It is not only easy to carry, but also durable, making it an ideal choice for mobile office.

### **Personalized customization service:**

From processors, memory to storage space, we provide comprehensive hardware configuration customization solutions to ensure that every user can get the performance combination that best suits them. At the same time, Logo customization is achieved using precision laser engraving technology, allowing your personal or corporate brand to shine on every device.

### **Top display technology:**

Equipped with the latest generation of display, it provides more than 90% screen-to-body ratio and HDR support, bringing unprecedented color accuracy and contrast experience. Whether in outdoor sunlight or dim environment, the visual experience is consistent.

### **All-weather endurance:**

The built-in large-capacity battery with intelligent power management system can support up to 20 hours of use on a single charge. Fast charging technology can restore a large amount of power in a short time, greatly improving work efficiency.

## Technology

---

Our production process covers multiple precision links. First, we purchase and test components to ensure that they meet quality standards. Then, we mount chips, capacitors, etc. on the PCB board through SMT (surface mount technology) and fix them through reflow soldering. Then we assemble them, including installing core components such as CPU, memory, hard disk, and connecting cables. After the whole machine is assembled, we conduct strict functional tests and aging tests to ensure stability. Finally, we conduct appearance inspection, packaging, and attach certificates and instructions to complete the factory preparation. The whole process focuses on efficiency and quality control.

## Usage

---

This ultra-thin laptop is designed with a unique design and high degree of customization for a variety of unique uses:

### **High-end business travel:**

Designed for professionals who frequently travel, it is lightweight and portable with all-day battery life to ensure that you can work efficiently on the road. Customized configurations meet different business needs, and personalized logos enhance corporate image.

### **Ideal choice for creative professionals:**

Equipped with a top-notch OLED display, it provides accurate color reproduction and high contrast, making it a perfect platform for designers and photographers to carry out creative work. Users can customize higher graphics processing capabilities as needed to support complex design software.

### **Education and learning tools:**

Tailored for students, it is easy to carry and can easily handle various tasks from basic learning to advanced programming. It adapts to changing learning needs through hardware upgrade options, and supports personal logo customization to inspire students' creativity and sense of belonging.

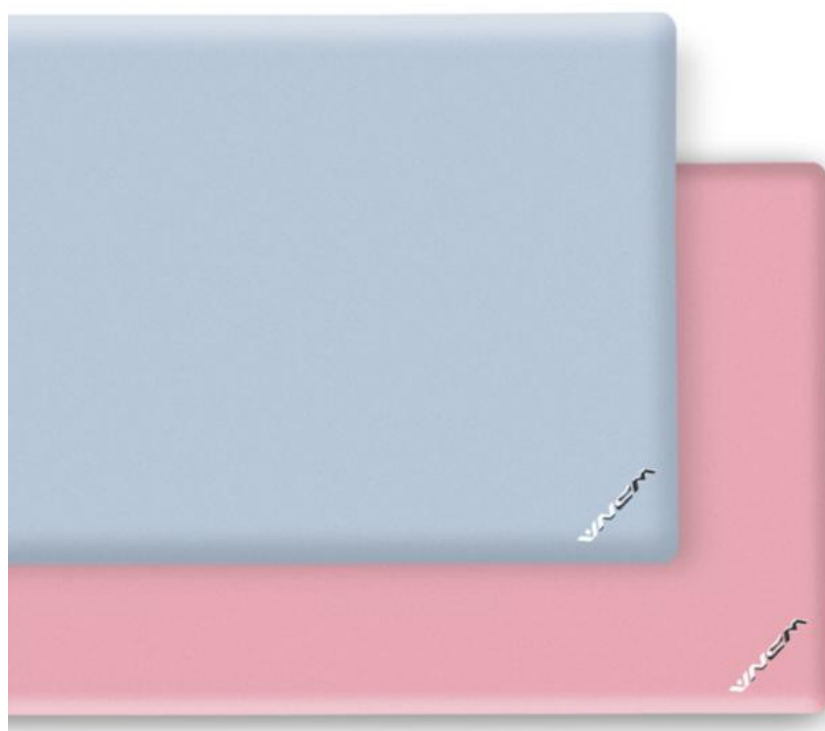

### **Personalized entertainment center:**

It is not limited to work, it is also your personal entertainment center. The high-definition screen and immersive sound effects make watching movies and playing games a kind of enjoyment. With the custom configuration service, you can optimize system performance according to your entertainment preferences to create a unique user experience.

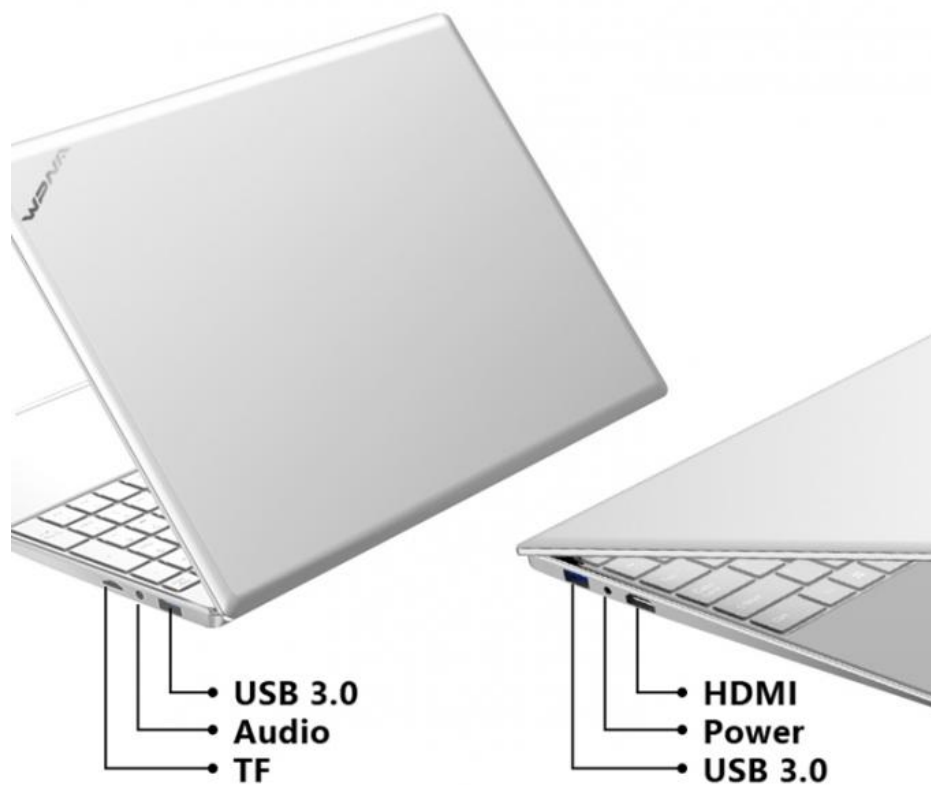

## TWO COLOR OPTIONS

- GLACIER SILVER
- CHERRY BLOSSOM POWDER

# INTERFACE INTRODUCTION

## Company Information

Guangzhou Weipuna Technology Development Co., Ltd. is a factory manufacturer that mainly produces advanced high technology products of r& D, manufacturing and sales of all-in-one computer, mini pc, touch screen monitor, smart teaching& conference panel and laptop computer. Under joint efforts of our professional R& D technology team, we will commit to manufacturing and providing more high end products to global market in the future.

## Certifications

## Packing & Shipping

**PAYMENT** T/T, Western Union, MoneyGram, Paypal

**DELIVERY** Safe, Fast, and Effective

## FAQ

**Q:Are you a manufacturer or trading company?**
