

## Fanless Structure Industrial PC with I3 CPU and 64G SSD 18.5 Inch True Flat Wall Mount

Our Product Introduction

for more products please visit us on [allinonepccomputers.com](http://allinonepccomputers.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WPNA
- Certification: CE/FCC/RoHS/ISO9001/CCC
- Minimum Order Quantity: 50 units
- Price: Negotiable
- Packaging Details: carton, bubble bag, stretch film
- Delivery Time: 15-30 workdays
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Piece/Pieces per Month

### Product Specification

- Product Name: Industrial AIO Pc
- Type: Embedded Computer, Capacitive
- Model Number: GK185
- Touch Screen Type: 10-Point Capacitive Touch
- CPU: J1900/I3/I5/I7/RK3288/RK3399
- RAM: 4GB/8GB/16GB/32GB Optional
- SSD: 128G/256G/512G/1TB/2TB
- Operating System: Win 10/11/linux/Ubuntu
- Warranty: 1-Year
- After-sales Service: Call Center And On-line Technical Support, Onsite Training And Inspection, Free Spare Parts, Return And Replacement, Repair, Others
- Highlight: **i3 cpu touch screen panel pc, i3 cpu industrial touch screen pc, 18.5 inch touch screen panel pc**

## Product Description

### 18.5 Inch True Flat Industrial Wall Mount Pc J1900 I3 I5 I7 Fanless Structure Industrial Pc

#### Selling Points

Military quality: passed the harsh environment test, high and low temperature resistance, salt spray resistance  
 Extreme adaptability: -40 ~80 operation, adapt to deserts and polar regions  
 Triple-proof design: IP68 protection, dustproof, waterproof and corrosion-resistant  
 Various touch screens: 10~24 inches optional, support visibility in sunlight  
 Industrial interconnection: support OPC UA, MQTT and other IoT protocols  
 Anti-electromagnetic interference: passed IEC61000-4-4 certification  
 Modular architecture: expandable 5G/AI acceleration module  
 Real-time control:  $\mu$ s-level response to meet the needs of high-speed production lines  
 Silent heat dissipation: zero noise thermal conductivity design, 24/7 operation  
 Dual system redundancy: Linux+Windows dual system disaster recovery  
 Fast integration: SDK is provided, and secondary development is convenient  
 Supply chain guarantee: 15 years of life cycle management  
 Flexible size: from compact to large chassis optional  
 Special certification: complete classification society/explosion-proof certification  
 Scenario customization: optimize software and hardware according to industry needs

#### Technology

High-strength carbon fiber composite materials are selected, and compression molding and nano-coating technology are used to achieve lightweight and super corrosion resistance; the internal modular architecture supports free configuration of touch screen size, and it has passed IP69K protection certification and -40 ~85 high and low temperature cycle testing to meet the extreme environmental requirements of special industries.

#### Theory

The industrial control all-in-one machine integrates edge computing and industrial communication technologies, and realizes device interconnection through a real-time data bus. It adopts an all-metal sealed body and shock-resistant design, adapts to extreme environments of -30 ~70 , supports customized touch screen size and industrial-grade interactive interface, and can flexibly expand functional modules to meet the intelligent monitoring and control needs in the fields of energy, transportation, etc.

#### Usage

Automated production line: collaborative control of industrial robots  
 Precision machining: CNC machine tool parameter monitoring  
 Dust-free workshop: semiconductor production environment management  
 Smart packaging: automatic identification of packaging specifications  
 Energy monitoring: substation equipment operation and maintenance  
 Scientific research experiments: instrument data collection and analysis  
 Heavy machinery: engineering vehicle control interface  
 Special transportation: mining truck interactive system

#### Features

- \* System optional: android or win 10/11, linux, ubuntu or industrial display, supports customization
- \* Installation method: desktop, VESA, embedded, wall-mounted, etc.
- \* 10-point capacitive touch/resistive touch/non-touch optional, high brightness optional
- \* A+ panel, seamless design, IP65 waterproof, dustproof and explosion-proof \* Simple and smart design rolled into one.
- \* Work 24/7 \* A variety of I/O ports to meet customer needs.
- \* Provide SDK to support secondary development.

Parameter		
Product form	Product name	Industrial Tablet PC
	size	10.4/12.1/13.3/15.6/18.5/21.5/23.6/27Inch
	Overall weight	3-7KG
CPU	Intel	J1900/I3/I5/I7(Optional)
GPU	integrated graphics	Intel HD Graphics
RAM	DDR3	4G/8G/16G (Optional)
SSD	MSATA SSD	128G/256G/512G (Optional)
display	15.6Inch	Resolution 1920*1080 scale 16:9/4:3 (Optional)
HDMI port	Audio and video output	HDMI support 1080P 60Hz 2K 60Hz 4K 30Hz
VGA port	Audio and video output	VGA support 1080P
COM port	Data input and output	One or more than two (optional)
Standard accessories		
enclosure	Standard configuration	
	The power adapter x1	12V

## Suitable for all kinds of applications

Our products meet different scenarios and different environments

Production workshop

Medical equipment

Intelligent Express

monitoring system

Robot interface

CNC computer

industrial automation

industrial computer

Machine tool control

## Application field

3mm ultra-thin seamless flat panel for embedded, closely fits the cabinet, industrial-grade standards, overall dustproof, IP65 waterproof, anti-corrosion, high and low temperature resistance, anti-electromagnetic interference.

### Industrial intelligent cabinet

industrial control,CNC machine,  
production equipment,Cutting Machine ,etc

### Commercial self-service equipment

Self-service vending machine,cash register,  
Bank,government hall,post office,etc

### Smart city service equipment

Courier cabinet,Charging pile,Bar,Self parking  
payment ,Self-service car wash,Public  
outdoor equipment,etc

### Medical equipment

Self-service appointment/payment/fetching  
/printing/medical imaging equipment ,  
Medical mobile cart ,etc

Also can be used for power/security cabinets, Smart storage cabinets  
Rail transit intelligent equipment, Visual inspection equipment, etc.

## Certifications

## Company Information

Guangzhou Weipuna Technology Development Co., Ltd. is a factory manufacturer that mainly produces advanced high technology products of R & D, manufacturing and sales of all-in-one computer, mini pc, touch screen monitor, smart teaching & conference panel and laptop computer. Under joint efforts of our professional R & D technology team, we will commit to manufacturing and providing more high end products to global market in the future.

Packing & Shipping

## FAQ

### Question 1: Can you put my brand name (logo) on these products?

Yes. We can support OEM/ODM service, the process of customization is following:

- 1: provide your specific requirement. PC All In One Touchscreen
- 2: our design engineer draw the design draft.
- 3: you confirm the design draft.
- 4: we start produce it.

### Question 2: How much do I need to pay for your OEM service?

over 50 units we can support printing logo for you, over 100 units we can Custom shell and packing box for you. (about the OEM service fee is the customer pay)

### Question 3: What payment method do you accept?

T/T, Western Union, Cash

### Question 4: What is the Minimum Order Quantity (MOQ)?

We can sell one piece sample for your test.

### Question 5: What is the lead time of your products?

1-3 days for one sample, 15 working days for a large quantity.
