## Product Description

### US Plugs Type 24inch 27inch All in One Game Computer PC i7 8GB RAM Barebone AIO PC

(21.5 inch 23.8 inch desktop computers all in one game computer pc i7 8gb ram desktop computer price Barebone AIO PC)

#### Products Description

Model	C24/C27
Size	23.6/27inch
Main Board	HM55/HM65/HM77/HM87/HM61/HM81
Processor	CPU i3/i5/i7/i9(optional)
Memory	4G/8G/16G/32G DDR3 or DDR4(optional)
Hard Disk	128G/256/512G 1TBHDD/2TBHDD(optional)
LAN	Gigabit Ethernet
Audio	High Fidelity Sound Output
USB	2*USB3.0/4*USB2.0/1*VGA/3*HDMI/1*DVI
Color	White
Adapter	12V 5A/19V 7.5V
Operating System	As you required
Resolution	1920*1080
Contrast	1000:1
Speaker	Stereo Sound Speaker

#### Technology

**Design and R&D:** Design the appearance and hardware configuration of the curved screen all-in-one machine according to market demand.

**Screen manufacturing:** Use flexible technology to produce high-resolution curved display screens.

**Motherboard assembly:** Integrate high-performance processors, memory and storage devices to ensure smooth operation of the system.

**Body molding:** Through precision injection molding or metal processing, manufacture ergonomic body structures.

**Quality inspection and packaging:** Strictly test performance and stability, carry out shockproof and dustproof packaging to ensure safe delivery of products.

#### Service

##### 1. Metal and electronic double factory linkage:

Cost advantage: self-production of core components, quality assurance and cost reduction at the same time

Rapid delivery: rapid sampling of metal structural parts, 72 hours to assemble the whole machine.

##### 2. Meet industry customization and provide OEM/ODM services

It only takes 15 days from drawings to actual product production, supporting all kinds of computer customization: server/edge computing equipment/OEM whole machine customization/ODM OEM production, providing customers with one-step carton customization.

Phase 1: Customers make requirements, and the factory customizes the appearance of the chassis

Phase 2: The computer factory makes compatibility adjustments such as software

Phase 3: Synchronous production, high delivery efficiency.

##### 3. No need to worry about after-sales issues:

Efficient, professional, and quick response: Equipped with a professional after-sales team, we can quickly respond to customer needs and provide efficient solutions after you consult from us.

Accurate solutions and technical guarantees: We provide accurate technical support and maintenance services for different problems until the problems are completely solved.

All-round services, considerate and thoughtful: We provide all-round services such as product consultation, usage guidance, and troubleshooting when you need it.

Customer first, win-win cooperation: With customer satisfaction as the purpose, we continuously improve service quality and establish long-term and stable cooperative relationships with customers.

#### Product Characteristics

**Ultra-Thin Design:** The PC features an ultra-thin and lightweight design, making it the most advanced form of desktop computer, perfect for modern office and home environments.

**Space-Saving:** Its compact size significantly saves desktop space, allowing for a cleaner and more organized workspace.

**Simplified Wiring:** With minimal wiring required, only a single power cord is needed to start the computer, reducing clutter and complexity.

**Wall-Mountable:** The device supports wall mounting, offering flexible placement options to further optimize space utilization.

**Sleek Aesthetic:** The slim and modern design enhances the overall aesthetic of any room or office setting.

**Selling points**

**Energy-Efficient:** It is an eco-friendly choice for energy-conscious users because of less power consumption.

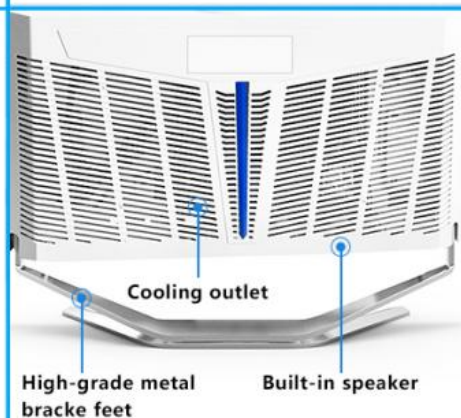

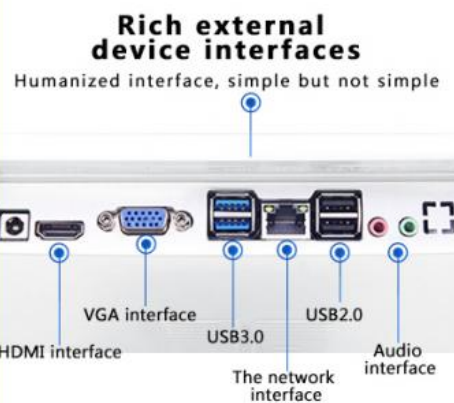

**Noiseless Operation:** The PC can operate quietly that ensure a distraction-free environment for focused work or relaxation.

**Versatile Connectivity:** It supports seamless connection to various peripherals and displays because it is equipped with multiple ports.

**Portability:** Lightweight and easy to move, it is ideal for users who need a versatile and portable computing solution.

**Efficient Performance:** Despite its small size, it delivers powerful performance, suitable for both work and entertainment purposes.

## A line of links, simple fashion

### Application

Business office: Appearance fashionable atmosphere, suitable business office of enterprises and units, all kinds of office software run smoothly.

Home entertainment: A stunning visual and audio experience, make your entertainment more enjoyable.

Graphic design: Strong performance, fast load large type files, easy to run all kinds of graphic design software.

### Company Information

Guangzhou Weipuna Technology Development Co., Ltd. is a factory manufacturer that mainly produces advanced high

technology products of r& D, manufacturing and sales of all-in-one computer, mini pc, touch screen monitor, smart teaching& conference panel and laptop computer. Under joint efforts of our professional R& D technology team, we will commit to manufacturing and providing more high end products to global market in the future.
