

PC+PAD 2-IN-1 ALUMINIUM ALLOY WITH OPTIONAL SUSPENDED MAGNETIC CONTROL KEYPAD

Our Product Introduction

for more products please visit us on allinonepccomputers.com

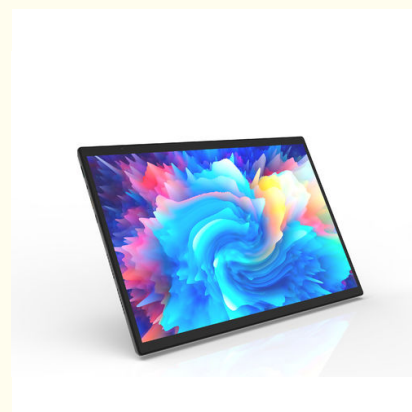

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WPNA
- Certification: CE/FCC/RoHS/ISO9001/CCC
- Model Number: HL140P
- Minimum Order Quantity: 100 units
- Price: Negotiable
- Packaging Details: carton, bubble bag, stretch film
- Delivery Time: 15-30 workdays
- Payment Terms: Western Union, L/C, D/A, D/P, T/T, MoneyGram
- Supply Ability: 10000 Piece/Pieces per Month

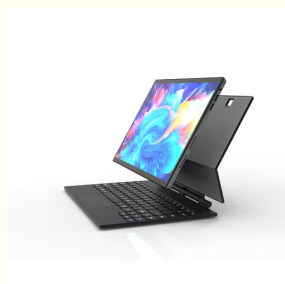

Product Specification

- Product Name: PC+Pad 2-in-1 Laptop
- Use: For Business
- Processor Type: INTEL
- Memory Capacity: 4G/8G/16G/32G Optional
- SSD/HDD: 128GB/256GB/512GB/1TB Optional
- Display Ratio: 16:9
- Display Resolution: 1920x1080
- Operating System: Windows 10/11/Ubuntu/Linux
- Warranty(Year): 1-Year
- After-sales Service: Call Center And On-line Technical Support, Onsite Training And Inspection, Free Spare Parts, Return And Replacement, Repair, Others
- Highlight: **ALUMINIUM ALLOY PC+PAD, SUSPENDED MAGNETIC CONTROL PC+PAD, 2-IN-1 PC+PAD**

Product Description

PC+PAD 2-IN-1 ALUMINIUM ALLOY WITH OPTIONAL SUSPENDED MAGNETIC CONTROL KEYPAD

Specification

Product form	Model:HL140P
	Name:14" PC+Pad 2-in-1 Laptop (optional with Floating Magnetic Keyboard)
	Material: Aluminum alloy body + Aluminum alloy Floating Magnetic Keyboard
	Color: Dark Gray
	Pad size: 315.5*211.5*10.6mm Net weight of stand-alone machine: 0.9kg Packing size:/
Featured Design	Dimension with keyboard:326*236*30mm Net weight:2.05kg Packing size:/
	PC+Pad 2-in-1;Aluminium alloy , with optional suspended magnetic control keypad. keyboard;2.2K touchscreen (100% RGB colour gamut);Front: 2M 30 fps, Rear: 500W 30 fps HD camera Large Round Cap Backlit Keyboard.
Screen	14-inch, IPS 2.2K 60Hz wide-angle touchscreen 16:10, resolution 2240*1440 (100% RGB color gamut)
keypads	optional with Floating Magnetic Keyboard
CPU	Intel® Processor N95,4Cores4Threads ,Max Turbo Frequency3.40GHz
Memory	8G/16G/32G,4800Hz
hard disk	M2-2280 Specifications: 64g ~~ 2T
Battery	High density polymer lithium battery 7.6V/5000mAH
Camera	Front: 200W 30 fps, Rear: 500W 30 fps HD camera
Bluetooth	Built-in BT4.2
WIFI	Dual-band WIFI, 2.4G/5G; WIFI supports 802.11b/g/n+BT4.0(Option)1*1 or ac/a/b/g/n+BT4.2(Option)1*1 or ac/a/b/g/n+BT4.2(Option) 2*2 3165DW2 2.4G和5G 1T1R Module
microphone	42db,2.2KΩ
Trumpet	Built-in 8Ω/1w speaker
TF memory card holder	Micro SD
Standard USB interface	USB3.0*2
headphone jack	3.5mm standard headphone jack
HDMI interface	HDMI-MINI
Interfaces	USB3.0 interface*2, Type-c*1 audio interface*1, TF card interface*1, miniHDMI*1, DC power supply*1 keyboard interface*1
Power Adapter	12V-2.5A 100-240V 50/60Hz 0.8A
Expansion equipment	Support wired/wireless mouse
	support
	Support self-purchase
operating system	Windows 11(Support various national languages)
5pcs one pack size	Pad: 340*272*242mm Keyboard: 340*182*250mm
5 pieces in a box weight	Pad: 8.35kg Keyboard: 7.45kg

Product Features

1. One machine for two uses, flexible and efficient

PC+Pad two-in-one design, easy to switch between office and entertainment modes, with floating magnetic keyboard, it becomes a productivity tool in seconds to meet the needs of multiple scenarios.

2. Lightweight and thin, sturdy and durable

The aluminum alloy body is both light and tough, the stylish appearance shows taste, easy to carry and excellent heat dissipation, suitable for mobile office and daily use.

3. High-definition touch screen, visual feast

2.2K high-resolution touch screen, supports 100% sRGB color gamut, true and full colors, smooth touch operation, whether it is design drawing or audio and video entertainment, it is full of immersion.

4. Smart imaging, clear communication

The front 2 million + rear 5 million high-definition camera supports 30 frames of video recording, online class meetings or video calls have clear pictures, and maintain efficient communication at any time.

5. Humanized keyboard, comfortable experience

The round cap backlit keyboard design provides comfortable key travel and strong rebound, allowing accurate input even in

dark environments, so you won't feel tired after typing for a long time, improving work efficiency.

Product Show

Theory

1. 2-in-1 flexible switching principle

Through the magnetic interface and system intelligent recognition, the keyboard automatically switches to PC mode when connected, and enters Pad touch mode after separation, realizing seamless conversion between office and entertainment.

2. Aluminum alloy body advantages

Adopting high-precision CNC molding process, it is both lightweight and high-strength. The thermal conductivity of metal improves the heat dissipation efficiency and ensures long-term stable operation.

3. 2.2K screen color technology

IPS panel with wide color gamut backlight module, 100% sRGB coverage through pixel-level color calibration, and high-transmittance tempered glass is used for the touch layer, which is sensitive to response.

4. Camera imaging logic

CMOS sensor with image processing algorithm optimizes light capture and noise control, and 30-frame dynamic encoding ensures smooth video calls.

5. Keyboard backlight and structural design

The light-guiding film evenly scatters the LED light source, the large round cap keycap increases the finger contact surface, and the scissor-type structure balances the key travel and mute effect.

Technology

This PC+Pad two-in-one computer is made with precision manufacturing technology. First, the aluminum alloy billet is integrally formed by CNC machine tools, and then anodized to form a sturdy and durable metal body. The screen uses a full-lamination process to tightly combine the 2.2K IPS LCD panel with tempered glass to ensure touch sensitivity and display effect. The magnetic keyboard achieves intelligent adsorption positioning through a precise Hall sensor array. The keyboard uses a laser etching process to make backlit keycaps, and the scissor-type structure ensures a comfortable feel. The camera module is precisely welded using SMT surface mounting technology and is professionally optically adjusted. The whole machine undergoes rigorous drop tests, high-temperature aging tests, and 10,000 plug-in tests to ensure product reliability. All components are assembled in a dust-free workshop, and finally a 72-hour continuous baking test is carried out to ensure factory quality.

Usage

1. Efficient assistant for mobile office

PC mode with magnetic keyboard, easy to handle documents, spreadsheets and video conferences, meeting the needs of business people on business trips or mobile office.

2. Portable tool for creative design

2.2K high color gamut touch screen supports stylus operation, suitable for designers to draw, edit or students to take notes, and record inspiration at any time.

3. Immersive experience of audio and video entertainment

Pad mode makes it more comfortable to chase dramas and games, and the high-definition screen and stereo speakers bring cinema-level audio-visual enjoyment.

4. Online learning interactive tool

Front and rear cameras support online classes and remote teaching, and keyboard + touch dual input improves learning efficiency, suitable for users of all ages.

5. Light life companion

The aluminum alloy body is light and durable, and daily browsing, social or light entertainment can be done with one machine, taking into account performance and portability.

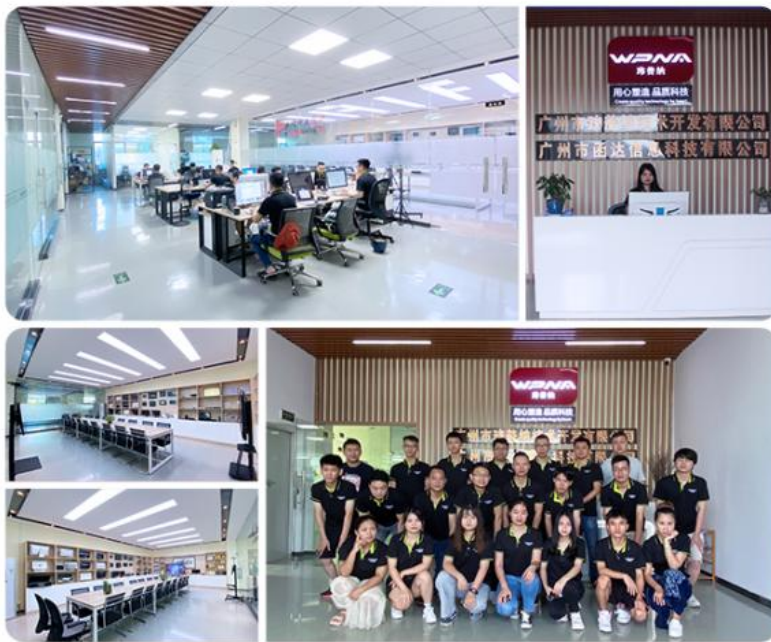

Company Profile

COMPANY PROFILE

Guangzhou Weipuna Technology Development Co., Ltd. is a factory manufacturer that mainly produces advanced high technology products of R&D, manufacturing and sales of all-in-one computer, mini PC, touch screen monitor, smart teaching& conference panel and laptop computer. Under joint efforts of our professional R&D technology team, we will commit to manufacturing and providing more high end products to global market in the future

FAQ

Q1: Are you a manufacture or a trading company?

A: Dear, we are direct manufacture for 18 years. We have confidence to offer you satisfying products with better quality and better price.

Q2: Do you accept OEM / ODM order?

A: Yes, we offer OEM / ODM service. On BIOS, PCB, slot color, Package, CD, instructions etc.

Q3: How many units in it?

A: 20pcs in one carton.

Q4: What payment method do you accept ?

A: T/T, L/C, Western Union is all ok. We suggest you could try Well-known international trade platform trade assurance at first, more beneficial for you.

Q5: Would you offer free samples?

A: Yes, we are glad that you have interest about our products. You are going to get available free samples in our stock.
