Factory price A7 Genuine Rohs Computers Sale support Support Price Oem Notebook Computer

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: WPNA
- Certification: CE/FCC/RoHs/ISO9001/CCC
- Model Number: A7
- Minimum Order Quantity: 50 units
- Price: Negotiable
- Packaging Details: carton, bubble bag, stecth film
- Delivery Time: 15-30 workdays
- Payment Terms: Western Union, L/C, D/A, D/P, T/T, MoneyGram
- Supply Ability: 10000 Piece/Pieces per Month

Product Specification

- Product Name: Pocket Laptop
- Use: For Business
- Processor Type: INTEL
- Memory Capacity: 4GB/8GB/16GB/32GB
- HDD/SSD: 128GB/286GB/512GB/1TB/2TB
- Plugs Type: US, JP, CN, AU, UK, EU
- Operating System: Windows 10/11/Ubuntu/Linux
- Feature: Backlit Keyboard
- Warranty(Year): 1-Year
- After-sales Service: Call Center And On-line Technical Support, Onsite Training And Inspection, Free Spare Parts, Return And Replacement, Repair, Others
- Highlight: **oem ultra thin laptop**, **oem ultra thin gaming laptop**, **windows 10 ultra thin laptop**

Product Description

Factory price A7 Genuine Rohs Computers Sale support Support Price Oem Notebook Computer

Usage

Efficient office assistant

The keyboard integrates a Little Red Riding Hood mouse to quickly locate the cursor and improve the efficiency of document editing and table processing; with a touch screen, you can directly use gestures to achieve quick functions such as sliding and zooming.

Professional handwriting creation

The original handwriting function accurately captures the details of the strokes, which is suitable for signature annotations, meeting records, and handwritten notes, restoring the real writing experience to meet the needs of business people and creative workers.

Flexible switching between multiple scenes

Without external devices, you can seamlessly switch between keyboard input, touch operation, and handwriting records, adapting to various environments such as offices, classrooms, and mobile offices.

Creative design tool

Pressure-sensitive handwriting supports drawing and design sketches, and the touch screen facilitates detail adjustment. It is a portable creation tool for illustrators and engineers.

Parameter

Model	A7
Color	Apple gray

Our Product Introduction

Product form	material	ACD hardware shell, B shell is touch screen, with touch function
	Screen	7 inches, IPS display, resolution: 1280*800
	Size	Product size: 185*141*20mm
		Packaging size: 225*168*67mm, outer box size: 253*226*91mm
	weight	Product weight: 0.67kg
		Package weight: 1.083kg outer box weight: 1.2kg
	Features	Keyboard with small red hat mouse, touch original handwriting handwriting screen
Battery	type	High-density polymer lithium battery 7.4V/3000mA, use time more than 3 hours
CPU	type	intel celeron J4105
GPU	type	Intel® HD Graphics 500/505
Memory	DDR4	Motherboard onboard memory 12G
Hard disk	M2~2242 Specification	64G~1T
Camera	Front camera	200W/30fps high-definition built-in camera, support video calls
Bluetooth	support	Built-in BT4.2
WIFI	type	Dual-band WIFI, 2.4G/5G; WIFI supports 802.11b/g/n+BT4.0(Option)1*1 or ac/a/b/g/n+BT4.2(Option)1*1 or ac/ a/b/g/n+BT4.2(Option) 2*2 3165DW2 2.4G and 5G 1T1R Module
Microphone	type	microphone
	Specification	42db,2.2KΩ
trumpet	Built-in speaker	trumpet
	Specification	Built-in 8Ω/1w speaker
TF memory card holder	Expand external storage	Micro SD
Standard USB interface	Expansion of external storage and data transfer	2xUSB3.0,
Headphone jack	Audio output	∮ 3.5mm standard headphone jack
HDMI interface	video output	HDMI-MINI
Power Adapter	Input plug type	12V-2A 100-240V 50/60Hz 0.8A
Expansion equipment	mouse	Support wired/wireless mouse
	earphone	support
	USB to RJ45 device	Support self-purchase
	stylus	Touch stylus level 2048/optional
Operating system	OS version	Windows 10 Windows 11 (Support various national languages)
10pcs one pack size		485*355*187mm
10pcs in a box weight		11.3kg
3C certificate number		2021010902404534
3C report number		A2021CCC0902-3771442

Selling Points

Efficient control, one machine for multiple uses
The keyboard integrates the iconic Little Red Riding Hood mouse, which allows precise control without leaving the keyboard, greatly improving office efficiency; with a highly sensitive touch screen, you can switch between fingertip sliding or handwriting input at will.
Original handwriting, natural and smooth
Supports pressure-sensitive handwriting technology, the pen strokes are like real paper writing, and the thickness changes are accurately presented, suitable for signature annotations, creative drawing, and retaining personalized pen stroke details.
Seamless interactive experience
Little Red Riding Hood + touch + handwriting three-mode collaboration, complex operations can be completed without external devices, meeting the needs of multiple scenarios such as document editing, design creation, etc.
Minimalist design, focus on productivity
Simplified interactive logic, deep optimization of hardware and software, making operations more intuitive, focusing on improving work and creation experience.

Technology

This product adopts precision integrated production technology. The keyboard components are calibrated with high precision to ensure sensitive control. The touch screen uses multi-layer optical bonding technology to achieve low-latency response. The handwriting function uses a professional-grade electromagnetic induction module, which is strictly calibrated to ensure accurate handwriting restoration. The whole machine has undergone multiple reliability tests to ensure that each input module works seamlessly, taking into account durability and smooth experience, and meeting the needs of efficient office and creativity.

Theory

This device integrates efficient interactive technology. The Little Red Riding Hood Mouse in the center of the keyboard uses pressure sensing to achieve precise cursor control, and a light touch of the finger can replace the traditional touchpad; the touch screen supports multi-touch and pressure-sensitive handwriting, and captures the strength and angle of the pen strokes through electromagnetic or capacitive technology to restore the real handwriting. The two work together to seamlessly connect typing, touch and handwriting input without switching devices, improving the smoothness of operation and meeting the diverse office and creative needs.

Service

1. Professional after-sales service:
Provide comprehensive technical support and after-sales guarantee, including product maintenance, troubleshooting and upgrade services, to ensure that customers have a worry-free experience and win long-term trust.

2. Customized solutions:
According to customer needs, provide flexible product customization services, including appearance design, hardware configuration and function optimization, to help brands build unique competitiveness.

3. International standard certification:
The factory has passed ISO9001, CE, FCC and other international certifications to ensure that the products meet the strict environmental protection and safety standards of the European and American markets, so that customers have no worries.

4. Fast delivery capability:
With advanced automated production lines and mature supply chain systems, we are able to achieve fast production and delivery to meet the high timeliness requirements of European and American customers.

5. One-stop manufacturing service:
We have independent hardware and computer manufacturing factories, providing one-stop services from parts production to whole machine assembly, ensuring efficient collaboration and strict quality control to meet the needs of European and American customers for high-quality products.

COMPANY PROFILE

Guangzhou Weipuna Technology Development Co., Ltd. is a factory manufacturer that mainly produces advanced high technology products of R&D, manufacturing and sales of all-in-one computer, mini PC, touch screen monitor, smart teaching& conference panel and laptop computer. Under joint efforts of our professional R&D technology team, we will commit to manufacturing and providing more high end products to global market in the future

FAQ

Q1: Are you a manufacture or a trading company?
A: Dear,we are direct manufacture for 18 years.We have confidence to offer you satisfying products with better quality and better price.

Q2: Do you accept OEM / ODM order?
A:Yes, we offer OEM / ODM service. On BIOS, PCB, slot color, Package, CD, instructions etc.

Q3: How many units in it?
A: 20pcs in one carton.

Q4: What payment method do you accept ?
A: T/T, L/C, Western Union is all ok. We suggest you could try Well-known international trade platform trade assurance at first, more beneficial for you.

Q5: Would you offer free samples?
A: Yes, we are glad that you have interest about our products.You are going to get available free samples in our stock.
